

**Just imagine
what you can do
in 10 seconds!**

It doesn't sound like much time. But the reality is we only have 10 seconds to engage donors. Up to 75% of all donors will abandon the giving process after 10 seconds. That's right. Even if our messaging is great but our request requires the completion of another BLANK form, we will lose 75% of prospective donors.

**We understand this at GiveCentral. We work
with more than**

**« 1000 charities raising »
more than \$1B.**

**What can you do in 10 seconds with GiveCentral
without an extra link, login or password?**

Reach out to us on support@givecentral.org to learn more about getting started.

We have more than 25 ways that you can engage securely in 10 seconds:

- ☒ Make a new gift
- ☒ Support a crowdfunding event
- ☒ Renew or change your gift
- ☒ Support disaster relief
- ☒ Increase a prior gift
- ☒ Make a gift via secure email
- ☒ Convert a one time gift to a recurring gift
- ☒ Make a gift via paper mail using GC SmartQR
- ☒ Convert a pledge gift to a recurring gift
- ☒ Share a prayer request
- ☒ Check on your giving history
- ☒ Update your email address
- ☒ Check on your pledge balance
- ☒ Update your phone number
- ☒ Update your contact information
- ☒ Ask to learn more
- ☒ Update your payment method
- ☒ Ask to be contacted
- ☒ Update your card expiration date
- ☒ Ask to join your community
- ☒ Update an email
- ☒ Share your language preference
- ☒ Make a text gift
- ☒ Share your communication preferences (email, text, call, etc)
- ☒ Make an auction bid

Try your existing platforms to see what you can do in less than 10 seconds then try GiveCentral. Even better, we can easily work with your existing email platform, database, accounting tools or printer. You can even test us for your next mailing or event. We are confident that it can make your work easier and improve both engagement and giving.

We'll be able to help you with your next mailing or event.

We want to make change simpler. We'd love to help support your mission.
